Mesa Stila Resort ★★★★★+ (out of 5 stars)

We travelled the world and stayed in some of the most beautiful hotels but we have to say that Mesa Stila is a class of its own. The fantastic combination of Dutch colonial buildings and the most beautiful Javanese historic villas in the middle of a functioning organic coffee plantation surrounded by impressive volcanoes is second to none. We loved the restaurant with organic vegetables from the resort's own garden. Every meal we had during our 9 days was delicious, beautifully presented, well sized and well

prized. Breakfast was very good and never boring. A special treat at breakfast was a complimentary health tonic of herbal combinations presented by the local Jamu lady. We also enjoyed the complimentary high tea in the afternoon as well as the free yoga classes and all the other activities offered by the resort. The villa we stayed in (Merapi 3) was spacious, beautifully decorated with Javanese antiques had a gorgeous bathroom with a sunken bathtub and a huge deck with stunning views. We loved the magic pool and of course the Hamman Spa for the most relaxing massages. Top of all is the wonderful staff. Always friendly, good English speaking and very helpful.
