

Cambodia Accommodation Siem Reap

We have spent 9 days in Siem Reap concentrating on the amazing Angkor Wat Archaeological Park which has been built by the Khmer civilization between 802 and 1220 AD and represents one of humankind's most astonishing and enduring architectural achievements.

Navutu Dreams Resort

(out of 5 stars)

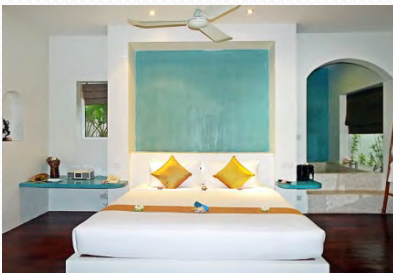

Just minutes from Angkor Wat, Archaeological Park, a UNESCO World Heritage Site, Navutu Dreams Resort proudly maintain the largest green space among all the hotels in Siem Reap. They cater only to a max. of 56 guests in 28 spacious and well-appointed rooms and suites. The compound includes three large pools, allowing guests to choose between a freshwater pool or relaxing in a salt water pool with its own child-friendly plunge pool.

Our verdict: We are very happy that we have found this tranquil oasis near Angkor Wat. We loved the beautifully decorated and spacious villa, the very friendly and attentive staff, the tasty (mostly organic) meals and the flexibility of the chefs to fulfil every special wish we had. We enjoyed the personal contact we made to some of the staff members and liked the commitment of our Tuk Tuk driver Samrach to show us as much as possible of his town and the beauty of the Angkor historical park. Massages and treatments have been very professional and enjoyable.
