

Qatar Sightseeing Doha

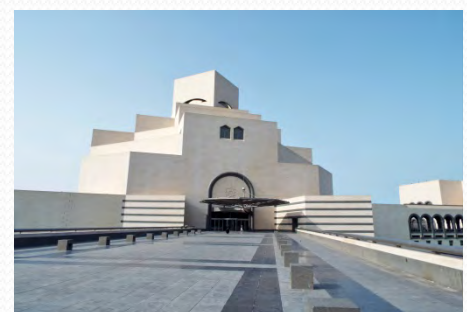

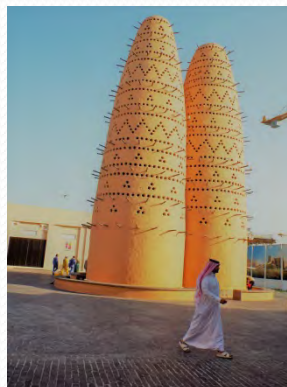

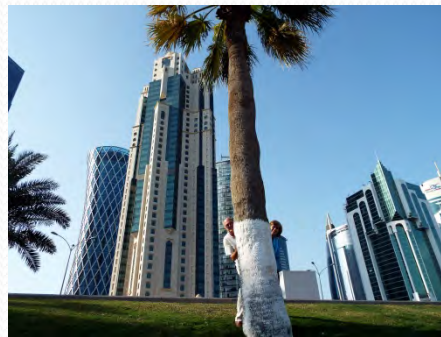

We can recommend the **Sharq Village & Spa Hotel** (part of the Ritz-Carlton group) for your accommodation. Qatar is not a very big country even if it has a lot of attractive sightseeing activities to over we think 3 to 4 days is plenty of time to get familiar with the capital Doha and the surrounding areas. It is a perfect stopover destination to break a long flight between Europe and Asia, Africa or Oceania. Don't forget the national carier Qatar Airways is named the best airline in the world.

It is a very clean and safe place to visit and people living here Qatari and foreign workers are very friendly

Days recommended: 3-4
